## BUSINESS PERSONALS.

MISS EMMA C. HARTWIG, Natural Nurse, Wonderful is nature. I am my brother's keeper and Jacob Arni, my half brother, is h my care. Nature prolones no agondes. I am not premature the truth as i see it is good for my health. Life is everlasting youth eternal on earth where they marry. Mind controls matter, lightning comes from the sky. I am not a sinner or a saint; I am perfectly natural and that I cannot be overreached I learned at seventeen in a court in the so called most realightened State in the Union there is a definite reason for everything. Nature is progressive. Water is essential to health. That the doctors have reached their limit is the truth that they will cease to give orders is as sure as that I advertise in the great city of New York where I walked rode, dined and conversed in public with a generous patient. Ingratitude is beneath the brute, the Intelligent are pot humored. I am an individual, I have a soul find am very much alive, and man that was born of woman will not through suffering but through joy learn that I say to myself this is my own my native land. America. 633 South Miro st.
